

Bread And Juice, Sleepless Nights

My friend I don't know much about
Real love - the kind of
Love that gives and lasts forever and ever.
But I know (some) One who gives it so
Free and He
Fills me up; His well is endlessly deep.
My friend, I have heard that you're tryin' to win.
Try no more He loves you as you are.
Do not fear He helps you after you
Ask Him - (to) come in.
Believe me; He's been right where you are.
(You're) not too bad for Him;
(He) wants to take You in.
Hope, and peace of mind,
Love and joy are within sight.
Now, my candle's bright -
I'm so on fire I have sleepless nights.
