

# Bread And Juice, To Follow You

Through mountains or just sun  
I choose to follow You.  
With others on the run, (ICTFY).  
When life seems it ain't fun (ICTFY).  
And when the good times come (ICTFY).  
I'm gonna keep on standin' keep on walkin'  
keep on runnin' to follow You.  
It turns to light; the clouds are gone.  
My life; it lightens; it turns around.  
Your life keeps me strong.  
I want to see it all day long.  
When I focus on You,  
The haze clears; lightening strikes my way strong.
