He's A Good Lad

(David Gates)

He's a good lad

A little bit shy so you'll try and have to understand

Such a good lad

And just for a while the guy'll need a helping hand

His word are hard to follow, but his heart has found a way

To show you the things that he never could say;

He's a good lad

A little bit wild but his style is really gentle and kind

He ain't so bad

Right to the end he's a friend, about the best you can find

And as you come to know him, and his needs are comin' through

You'll flash on the day I was talkin' to you.

And he needs somebody to love

Yes he needs somebody to be worthy of -

He's a good lad

And if you come to want him, like I know he wants you to

You'll see all the things I was sayin' are true

And he needs somebody to love

Yes he needs somebody to be worthy of -

He's a good lad.
