

Bread, Lost Without Your Love

Lost and all alone
I always thought
That I could make it on my own
But since you left
I hardly make it thought the day
My tears get in the way,
And I need you back to stay

I wonder through the night
Search the world
For the words to make it right
All I want is just the way it used to be
With you here close me
I've got to make you see
That I'm lost with out your love
Life without you isn't worth the trouble of
I'm as helpless as a ship without a wind
Touch without a feel
I can't believe it's real
Someday soon I'll wake
And find my heart won't have to break

[Instrumental Interlude]

Yes, I'm lost with out your love
Life without you isn't worth the trouble of
All I want is the way it used to be
I need you here with me
Oh, darling, can't you see
If we had love before
We can have it back once more
