

# Bread, Sweet Surrender

Baby I'm through runnin' it's true  
I'd be a fool to try to escape you  
Maybe I'm beat but oh what a sweet surrender  
You keep your rights, I'll take your nights  
No one can lose when we turn the lights out  
Tastin' defeat, lovin' that sweet surrender  
I'm givin' up myself to you but I didn't really lose at all  
I gave the only love I've known and it never hurt me to fall  
Now that it's done, so glad you won  
I know our lives have only begun now  
No more retreat, only my sweet surrender
