

Bread, Truckin'

Truckin' down the highway
Get outta my way
Always in a hurry
Always in between
That's where you can find me
Truckin' down the highway
Sittin' in the cab of
A ten ton machine
Gettin' pretty tired of stoppin'
In old run down cafes
Some day I'm gonna find me a woman
Rich enough to pay my way
Gonna make some inroads
Drivin' home a payload
Truckin' down the highway
Like you never seen
Gettin' pretty tired of lookin'
In truck stop cabarets
Some day I'm gonna find me a woman
Rich enough to pay my way
Then you're gonna find me
Truckin' down the highway
Sittin' in the back of
A long limousine
