

# Breaking Benjamin, Phase

The light is dead in your eye  
So I'll keep livin my life  
I only wanted to try  
To find my way back inside  
My imitation of life  
My litigation of life  
It's something easy to find  
Inside the shade of your eye

[chorus]:  
Out of the ground I rise to grace  
Nobody knows it's just a phase  
Help me I'm out of breath again  
Nobody knows somewhere to make it go away

Phase [x 4]

I find it hard to decide  
The way to make up your mind  
Your lips are better than mine  
So you can kiss this goodbye  
My imitation of life  
My litigation of life  
It's something easy to find  
Inside the shade of your eye

[Chorus]

It's just a phase

And I can't wait

Phase [x 3]

I know [x 3]

It's just a fucking phase  
I'm drained, time to fake and delay,  
watch the penny drop  
Let it go up and in then watch it roll  
Lets all mourn 'till I survive inside you
