

# Breaking Benjamin, Sooner Or Later

I want a normal life  
Just like a newborn child  
I am a lover hater  
I am an instigator  
You are an oversight  
Don't try to compromise  
I'll learn to love to hate it  
I am not integrated

Just call my name  
you'll be okay  
Your scream is burning through my veins

Sooner or later  
You're gonna hate it  
Go ahead and throw your life away  
Driving me under  
Leaving me out there  
Go ahead and throw your life away

You're like an infantile  
I knew it all the while  
You sit and try to play me  
Just like you see on TV  
I am an oversight  
Just like a parasite  
Why am I so pathetic  
I know you won't forget it

Just call my name  
You'll be okay  
Your scream is burning through my veins

Sooner or later  
You're gonna hate it  
Go ahead and throw my life away  
Driving me under  
Leaving me out there  
Go ahead and throw my life away

Sooner or later  
You're gonna hate it  
Go ahead and throw our life away  
Driving me under  
Leaving me out there  
Go ahead and throw our life away

oooooo throw our life away (x2)
