

Breaking Point, Phoenix

It was gone in a moment
It went in a blaze
I felt so helpless, being so far away
A skeleton frame, holding my memories
God only knows just what's ahead of me
Everything's been taken away from me, now I don't believe it
When everything that you had just sweeps aside
You rise like the Phoenix to fly
No words can describe it
There was nothing to save
The ashes have dried now
They have all blown away
I close my eyes, and try to remember when
'Cause pictures in my head, they're all I have of them
Don't take me now
I don't want to leave this place
Don't take me now, just let me fly
