

BreakNeck, Habemus Satanas

Cry. I am fucking ready for your light.
Cry. I am fucking ready for your light.
Rigth.

I penetrate your soul every night.
I penetrate your soul every night.
To spoil me,
you slow me down,
you take my breath away.
Let's kill two million more people.
Take me now.

Come.
Come here.
Be my inspiration on your way to holy tyranny.

Habemus Papam!
Shouted out the flocks of animals of the lowest flight.
In the eyes of tears, in the mouth of saliva.
The purpose of the blind.
Sing!

Nethkâdash schmach
Têtê malkuthach.
Nehwê tzevjânach
aikâna d'bwasmâja...

Look at me.
I swear.
We'll find you and get you out of here.

Tyranny, secretfices, tyranny, secrets.
Tyranny, secretfices.
Tyranny, secretfices, tyranny, secrets.
Tyranny, secretfices.

Father - I'm blind.
Mother - I'm dying.

Et nos. Filii illum cornutum.
Et nos. Filii illum cornutum.
Et nos. Filii illum cornutum.

Habemus Satanas!
