

# Breathe Carolina & APEK, Anywhere But Home

We were not handed love  
We were made  
To find someone  
So, when I leave will you come with me  
We laugh for eternity  
Get lost in new memories  
And now we can change the world  
And we'll never feel alone  
We could just chase the sun  
Or we can go anywhere  
Anywhere but home  
This love is where we belong I swear  
We could just chase the sun  
We can go anywhere  
Anywhere but home  
We can go anywhere  
Anywhere but home  
We can go anywhere  
Anywhere but home  
We were not handed love  
We were made  
To find someone  
So, when I leave will you come with me  
We laugh for eternity  
Get lost in new memories  
And now we can change the world  
And we'll never feel alone  
We could just chase the sun  
Or we can go anywhere  
Anywhere but home  
This love is where we belong I swear  
We could just chase the sun  
We can go anywhere  
Anywhere but home  
We can go anywhere  
Anywhere but home  
We can go anywhere  
Anywhere but home  
We can go anywhere  
Anywhere but home
