

# Breathe, Prayer

How Can I Fall - Breathe

Give me time to care, the moments here for us to share

Still my heart is not always there

What more can I say to you

Could I lie to you, I'm just too weak to face the truth

Now I know I should make a move

What more can I say

How can I fall, how can I fall

When you just won't give me reasons

When you just won't give me reasons at all

When all faith is gone, I fight myself to carry on

Yet I know of the harm I do, what more can I say to you

Now I hold this line, I know the choice to leave is mine

I can't help what I feel inside

What more can I say

How can I fall, how can I fall

When you just won't give me reasons

When you just won't give me reasons at all

I'll follow through, I'll see I do

When the time is more right for you

I'll make that move, and when I do

Will I doubt again, the way I do

How can I fall, how can I fall

When you just won't give me reasons at all

How can I fall, how can I fall

When you just won't give me reasons

When you just won't give me reasons

How can I fall, how can I fall

When you just won't give me reasons

When you just won't give me reasons

Just won't give me reasons

Just won't give me reasons at all

How can I fall, I fall, I fall

How can I fall for you

How can I fall, how can I fall

When you just won't give me reasons

When you just won't give me reasons
