

# Breed 77, Fly

I know, the clocks are running slow and we'll get there in the end  
Still flows, the rivers running low, you're the needle stuck in my vein

I know, there's gonna come a time when you're gonna turn round on me  
I know, there's gonna come a time when you're shouting to be free  
We fly

I know, the feelings running low and that look is in your eye  
Right now, I'm waiting for the time when the thought gets in your mind

I know, there's gonna come a time when you're screaming to be free  
I know, there's gonna come a time when you wanna be with me

We fly alone - The sky's my home  
You wait for me - Where I am

No, no, no, no

We fly alone - The sky's my home  
You wait for me - Where I am

I know, the feelings running low and the look is in your eye  
By now, you should have realized that the thought is in your mind

I know, there's gonna come a time when you're shouting to be free  
I know, there's gonna come a time when you're gonna be with me

We fly alone - The sky's my home  
You wait for me - Where I am

We fly alone  
The sky's my home, yeah  
You wait for me  
You wait for me  
You wait for me  
You wait for  
You wait for  
You wait for  
You wait for  
You wait for  
You wait for  
You wait for  
You wait for me
