

# Brenda Lee, Something's Wrong With Me

Something wrong with me, can't get you out of my mind  
I see your face in everything I do  
It feels like I've known you for a long long time  
I only want to make it with you

Something in your eyes that just wont let me forget you  
Something in you face that keeps me hanging around you  
Something's got a hold of me the day that I met you  
There's something wrong with me  
Something's wrong with me

Yesterday I saw you on the street with someone  
I said it doesn't matter to me  
Behind this smile, I'm wearing all the tears of a clown  
Cause loving you is where I want to be

Something in your eyes that just wont let me forget you  
Something in you face that keeps me hanging around you  
Something's got a hold of me the day that I met you  
Something wrong with me  
Something's wrong with me  
There's Something wrong with me  
There's Something wrong with me  
There's Something wrong

Something in your eyes that just wont let me forget you  
Something in you face that keeps me hanging around you  
Something's got a hold of me the day that I met you  
Something wrong with me
