

# Brendan Canning, Something For All Of Us

Any command I can think of  
Are you writing it out? Look at your thoughts  
Any command I can think of  
This is our time, it's in the morning

I know your way back to your home  
Everyone's talking 'bout something for all of us (x2)

You bet your life boy, I couldn't see it any other way (x3)

You bet your, you bet your, you bet your life

Any command I can think of  
Are you writing it down, committing your life?  
I know your way back to your home  
Everyone's talking about all of us

You bet your life boy, I couldn't see it any other way (x3)

You bet your life boy (x3)

Any command I can think of  
Are you into this? Are you into it?  
I know your way back to your home  
Everyone's talking 'bout something for all of us
