

# Brettell, Ici Is The One I Admirer

I picture myself with this girl who is special  
with royal blue eyes and  
with highlighted hair  
So many know her, she answers so lovely  
this girl with incredible eyes  
Smelling of flowers  
and perfumes you see  
making sure that I have nice hair  
Look for this girl with the moon in her eyes  
and you'll know '

Ici is the one I admirer  
Ici is the one girl admirer  
Ici is the girl you desirer  
Ahhh

Follow her down to the train that is parting  
mellowing people, just stare with their eyes  
Everyone smiles as we drift past the hour  
the girl will really not mind  
Magazine clippings  
of when she was born  
don't even try to oblige  
I'm waiting to take her away  
texting her pink phone  
with the thoughts of the time she had gone

Ici is the one I admirer  
Ici is the one girl admirer  
Ici is the girl you desirer  
Ahhh

I picture herself, with out clothes  
on a morning  
with perfect size \*\*\*\*\*s  
and looking for her self  
suddenly who knows  
what had changed at the circuit  
The girl with incredible eyes

Ici is the one I admirer
