

Brian Jonestown Massacre, Evergreen

Help me
Or make me feel fine
I feel I've wasted my time

Lately
Nothing feels right
I feel like taking my time

Just beneath the floor
Is a new world to explore
Once you've said you loved me

Right behind your door
Is a treasure you've ignored
But you have to trust me

Or nail me to the boards
Crown of thorns for my rewards
And you've said you loved me

Aaaaaahhhhhhhh
