

# Brian Jonestown Massacre, In My Life

I get you out of my life  
If it's the last thing I do  
I'm gonna load my gun  
In the name of love  
And point it right at you

I'm gonna take you out  
I'm gonna make you cry  
After what you done  
You'll be lucky if  
You get out alive

I'm gonna bring you down  
I'm gonna see you crawl  
I'm gonna pick you up  
So I can watch you fall  
That's what you done to me  
And I return it all  
And get you out of my life

I'll never play your game  
I'm gonna break the rules  
I'm gonna make you pay  
For what you put me through  
I'm gonna tell you every reason I hate you  
And get you out of my life
