

# Brian Jonestown Massacre, Just for Today

Lover  
Is sad  
Sad  
But true

Lover  
Well you shine

Like the sun  
Why you seem so sad  
Cannot say

What she's done  
Lie if your high  
Cause it's bringing me low  
I feel sad inside

Yeah  
Like you never will know

Lover  
Is sad  
And it's too  
Damn bad

So it's gone  
Gone  
Like our love  
When it's done  
And I wonder now  
Yes, I wonder  
Is it drugs  
That you're on  
Cause you seem high  
Higher  
Are you ever  
Coming coming back  
Can I ask you why  
Why,

Can I feel

So bad

And you smile  
And say  
Lies

How long did she say  
She's been dying  
Now she's gone  
How it made her sad  
When she saw you  
On the trip  
That you're on  
And it made me drown  
In my tears, as they fall  
And it made me sad  
I recovered  
She was gone
