

Brian Jonestown Massacre, Lantern

You can become all the good things you believe
You can live life as love just as long as you are free
You'll be happy I know, it's a lantern you have seen
I know

Now that you know all your love that you can be
You can live life as love just as long as you are free
You'll be happy, you'll know, there's a lantern you can see
I know

I have become all the good things I believe
I've been spreading my love just as long as I'm free
I'm happy, I know, there's a lantern I can see
I know
I know
I know
