

# Brian Jonestown Massacre, Spacegirl (Revisited)

Y'know the strangest thing happened to me on the way to outer space today

Just let me love you  
Just let me love you  
Just let me love you  
Just let me love you  
Just let me love you  
Just let me love you  
Just let me love you  
Just let me love you

Love

I was awoken in the middle of this song  
(?) I was sleeping  
I was in love, I was staring in the sun  
I was living lost in your eyes  
I was alone, I was dreaming  
I was a mole, I was guarding his soul  
I was lost in the middle of a dream that was your eyes  
I was in love, I was (?) in sunrise  
Looking into your eyes, I know what I'd seen

To love you  
To love you  
I want to love you  
To love you

Love

I am in love, I've been living in the sunrise  
Looking into your eyes unaware I was dreaming  
I was a mole I have given up my soul  
I was living in a tunnel looking up into your life

I have to love you  
I have to love you  
I have to love you  
I have to love you

Love

You made me love you  
You made me love you  
You made me love you  
You made me love you  
You made me love you  
You made me love you  
You made me love you  
You made me love you

Why you
