

# Brian Jonestown Massacre, Starcleaner

I have missed the shiny beams  
Vapor floating in the breeze  
In your mind  
Just goes to show  
No matter what you think you know  
It's never right

We could  
walk for miles  
In our lonely minds  
This is the greatest time  
We could walk for miles  
This is the greatest love we can find

Oh-whoa  
Oh-whoa  
Oh-whoa  
Ohhhh  
Ohhhh

This is the  
greatest love we can find
