

Brian Jonestown Massacre, Untitled

living alone in a lie
don't understand you feel glad
cause its what you want
able to trip on a dime
wondering why it went bad
what you want in life

living alone in a lie
don't understand you're not glad
its about to end
lost and alone in your life
telling yourself
its so sad
its so sad

wondering can it unwind
everything turned up so bad
its so bad
its so bad
