

Brian McFadden, Almost Here

(feat. Delta Goodrem)

Did I hear you right
'Cause I thought you said
Let's think it over

You have been my life
And I never planned
Growing old without you

Shadows bleeding through the light
Where a love once shined so bright
Came without a reason

Don't let go on us tonight
Love's not always black and white
Haven't I always loved you?

But when I need you
You're almost here
And I know that's
Not enough
But when I'm with you
I'm close to tears
'Cause you're only almost here

I would change the world
If I had a chance
Oh won't you let me

Treat me like a child
Throw your arms around me
Please protect me

Bruised and battered by your words
Dazed and shattered how it hurts
Haven't I always loved you

But when I need you
You're almost here
And I know that's
Not enough
But when I'm with you
I'm close to tears
'Cause you're only almost here

Bruised and battered by your words
Dazed and shattered now it hurts
Haven't I always loved you

But when I need you, you're almost here
(Well I never knew how far behind I'd left you)
And when I hold you, you're almost here
(Well I'm sorry that I took our love for granted)
(Now I'm with you, I'm close to tears
'Cause I know I'm almost here)
Only almost here
