Its only 3, u playin...
Girl its been so long
I can hardly wait
Girl is u I crivin
Cant wait to see u baby
I can work no more
Cant concentrate
When u lips me mind
I wont hesitate
Girl is u I want
I been missing u baby
[1] - So about the time I have u close to me
No more livin in a fantasy
I'll be right where I suppose to be
Baby we just might be
[2] - On the back-seat gettin...down
On the back-seat gettin...down
On the back-seat gettin...down
On the back-seat gettin...down
Nothing much to do
For the next 3 days
Got the Friday night
Mondays are holiday
Got my mind on need
I ve been ... for u baby
Lets drive up the coast
Lets live L.A.
Find us a ... spot
I can have all the view
To myself now baby
[Repeat 1]
[Repeat 2]
Missing u
Wanting u
Needing u
Touching u
Squeezing u
Dreaming u
Teasing u
Pleasing u
Breathing u
Eating u
Sleeping u
Thirsting u
Cant wait baby
[Repeat 1]
[Repeat 2]
If u believe in love
Lets get down
Lets get down....
