

Brian McKnight, Can You Read My Mind

Chorus:

When I'm all alone at night
I can hear the beating of your heart
I should tell you
And I might
Before it tears me apart
You're all I ever think about
All I ever dream about
Can you read my mind
Can you read my mind
Don't wanna look at you
I probably should go
'Cause I wanna be with you
More than you'll ever know
For a taste of you
Object of my desire
Baby you blow my mind
You light my fire

Want you
Need you
Can't live without you

Chorus

Is this the way I feel
Or curiosity
All the things you do
That bring out the lust in me
The thought of me and you
Drives me wild
Come close to me
Can you stay awhile

Want you
Need you
Can't live without you

Chorus out
