

# Brian McKnight, Every Beat Of My Heart

I could feel  
It coming from a mile away  
When I opened up the door  
I saw everything that I've been looking for, hey  
Close your eyes  
I don't care what other people say  
Here underneath the stars  
Now Jupiter and Mars don't seem so far away

Chorus: I want you to know  
You take my breath away  
And it's been that way right from the start  
I didn't know how to tell you  
That I want to love you  
With every beat of my heart

Take my hand  
Don't be afraid, don't go, I want you to say  
Just relax your mind  
I promise that tomorrow will be just like today

Chorus: I want you to know  
You take my breath away  
And it's been that way right from the start  
I didn't know how to tell you  
That I want to love you  
With every beat of my heart

With every beat of my heart

Chorus: I said I want you to know  
You take my breath away  
And it's been that way right from the start  
I didn't know how to tell you  
That I want to love you  
With every beat of my heart

With every beat of my heart

Chorus: I said I want you to know  
You take my breath away  
And it's been that way right from the start  
I didn't know how to tell you  
That I want to love you  
With every beat of my heart

With every beat of my heart  
With every beat of my heart
