You say you've seen too many things,  
that turn out to be too good to be true.  
Against your better judgment, opened up your heart,  
'til you found the joke was on you.  
Looking out on the rest of our lives,  
If we're gonna be together or apart.  
About the only way I know how to come,  
is right straight from my heart.

I want you now,  
I'll show you how  
I can be the man you need me to be  
I've been around,  
but now I've found  
that you're the only one for me.

Say you'll never fall again  
You won't subject yourself to such pain  
If you give me half a chance I will  
I'll never leave you standing out in the rain  
But if you think that i could look you in your face and lie right  
through my teeth  
then turn around and walk away  
Cross my heart, girl I care for you and when I look into your eyes i  
must say...

I want you now  
I'll show you how  
I can be the man you need me to be  
I've been around  
but now I've found  
that you're the only one for me  
I need you so  
I can't let go  
Gonna be all that I can be  
I want you still  
I always will  
cause you're the only one for me
