

Brian McKnight, Still

Funny when you stop and think
Time goes fast and then you blink
Nothing's ever like it was

Girl we've got a special thing
And all the happiness it brings
Is more than enough

I know it's hard to believe
You're still the biggest part of me
All I'm living for

I still think about you
I still dream about you
I still want you, and need you by my side
I'm still mad about you
All I ever wanted was you
You're still the one
You're still the one

It's hard to breathe when we're apart
You're like sunshine in my heart
I keep you here inside

You've been everything to me
You've been and always will be
The apple of my eye.

And I know it's hard to believe
You're still the biggest part of me
All I'm living for

I still think about you
I still dream about you
I still want you, and need you by my side
I'm still mad about you
All I ever wanted was you
You're still the one
You're still the one

If you love me, look into my eyes
And say you do
I've been waitin all my life for someone
Just like you
Baby after all we've been through
Girl I'm still in love with you
And I want you to know I do
I do

Still think about you
Still dream about you
Still want you, and need you by my side
Still mad about you
All I ever wanted was you
You're still the one
You're still the one
