

Brian McKnight, Til i get over you

I remember the way
You used to touch me all the time
I told you how I was the luckiest man alive
And now I hear you showin' off
Your new boy, frontin'
Like everything's alright
I'll be damned if I let you know
That I still find it hard to sleep at night
Chorus:(2x)
Outside I'm smiling
Inside I'm crying
I'll just keep denying
Till I get over you
Endless times I stayed up
All night waiting for you to call
Lying to myself
'Cause you aren't thinking 'bout me at all
My eyes are holding back the tears
My pride won't let you see me act a fool
I'll be damned if I let you know
That I still feel something for you
Chorus 2x
Can't forget the way we touched
(Everyday, every night, baby)
And the way we used to make love
(I still remeber how it feels)
Baby, but now it's over and you're gone
(I've got to say goodbye)
Because I know I can't go on without you
Chorus out
