

# Brian McKnight, Whatcha Gonna Do?

Tell me no if you don't like it  
I know what that means  
But it's different from when I touch you  
Ain't tryin' to fight it  
Got a playa all excited, wonder if you can ride it  
Straight out the Maseratti  
On the back of the Dukati  
I just wanna bubble, I'm not trying to trouble nobody  
I just love to have me a stallion standing beside me  
You tryin' to hide your feelings, and that's aight with me  
I only want a minute, you ain't gotta spend the night with me

Born the 5th of June by the afternoon  
In Mississippi I was walking and  
15 got my first Benz, been rollin' ever since  
Baby girl sho lookin' good to me  
Ya body's crisp and clean with out the caffeine  
In my head it seemed logical  
There's somethin' in ya eyes it got me hypnotized  
Let me know if somethings possible  
Got me rubbin' up on you  
You don't tell me you don't want me to  
Got me playin' in your hair  
You know I want to take you there

I kick my game  
You feel the same  
But you got your peeps  
But tonight we're playin' for keeps

[Chorus:]  
You know you wanna be with me,  
Whatcha gonna do, whatcha gonna do  
I'll wait another 5 minutes to see,  
Whatcha gonna do, whatcha gonna do  
Go tell your girls you're gonna be all right,  
Whatcha gonna do, whatcha gonna do  
Come on and roll with me tonight.  
Whatcha gonna do, whatcha gonna do

Shortie, jus in case you ain't know  
Me and Brian McK got a spot on the low  
We hittin' hard like the cops at the door

Wouldn't it be nice to bang a young entrepreneur  
I see you peepin' all in my grill  
And I can tell you got a whole that you want me to fill  
You got something that I want to kill  
And they can sentence me to life I wouldn't want an appeal  
Ooooooooooh,  
I run the city like a taxicab  
And all the meters miss pretty with an ass to grab  
Ooooooooooh,  
Take a seat up in the passenger side  
Akon got the wheels just enjoy the ride

I kick my game  
You feel the same  
But you got your peeps  
But tonight we're playin' for keeps

[Chorus]

They say the apple don't fall far from the tree  
So you should chill when your daughters in waters with p  
I'm here to comfort your nerves  
Wanna massage you with herb

All you gotta do is pay attention and envision the words  
Get them thoughts out of ya head bout what you done  
Heard in the wind  
About me being a dog, That hear say is played out  
We keep on going through these obstacles  
You can take a ride with the great it ain't impossible

What's ya name Kianya, short for Yolanda  
Well, what's that behind ya, you got it from ya mama  
Well, where can I find ya, I like that type  
And I ain't tryin' hold you down for just one night  
So what the deal then, what's up  
You comin' with me, what we gonna do  
We gonna cut and get something to eat  
Who you came with ya girls throw them the keys  
Look, get in the car, she gonna call you around three.

[Chorus]
