

# Brian Setzer, Drink Whiskey And Shut Up

Drink whiskey and shut up  
I might pour you a beer  
Drink whiskey and shut up  
I might pour you a beer  
And if you don't like what I'm servin'  
Take your money  
Get out of here

Drink whiskey and shut up  
I don't serve no chardonnay  
Drink whiskey and shut up  
I don't serve no chardonnay  
If it's wine and cheese you're wantin'  
I think the bar next door is gay

I'll fill your glass up high  
But I won't serve your brother  
I'll fill your glass up high  
But I won't serve your brother  
If you can't act like a gentleman  
I won't pour you another

There's no TV in here  
Talk to the person next to you  
There's no TV in here  
Talk to the person next to you  
Well, the pool table is free  
And the jukebox only play that blues

Drink whiskey and shut up  
Whiskey and shut up  
Whiskey and shut up  
I'm not makin' no pina coladas  
I'm not makin' no mi tis  
I don't make no margaritas  
Don't make me take out my blender  
Drink whiskey and shut up
