<lyrics>
She is eternal
No malice can touch
Singular and ageless
Perpetually bound

Through the tempest
be it deluge or sand
A singular voice
speaks through the torrent

Through the tempest
be it deluge or sand
A singular voice
speaks through the torrent

Forever her voice sings
through the ages eternally bound
Sacrifice is her gift
one that cannot be equaled

Forever her voice sings
through the ages eternally bound
Sacrifice is her gift
that Alia will one day equal

She is eternal
No malice can touch
Singular and ageless
Perpetually bound
