

Brian Wilson, Keep An Eye On Summer

We said good-bye last September
Your words I still can hear
Keep an eye on summer this year
Keep an eye on summer

Those things I say in my letters
You'll find them most sincere
Keep an eye on summer this year

Soon we'll be graduating
And we'll be so far apart
And though you could be dating
I'm waiting and waiting

And as we look at the future
Though it be through a tear
Keep an eye on summer this year
