Brian Wilson, Keep An Eye On Summer

We said good-bye last September Your words I still can hear Keep an eye on summer this year Keep an eye on summer

Those things I say in my letters You'll find them most sincere Keep an eye on summer this year

Soon we'll be graduating And we'll be so far apart And though you could be dating I'm waiting and waiting

And as we look at the future Though it be through a tear Keep an eye on summer this year
