

# Brian Wilson, Let Him Run Wild

When I watch you walk with him  
Tears fill my eyes  
And when I heard you talk with him  
I couldn't stand his lies  
And now before he tries it  
I hope you realize it

[Chorus:]  
Let him run wild he don't care  
Let him run wild he'll find out  
Let him run wild he don't care  
I guess you know I waited for you girl

He'll do the same with other girls  
As he did to you  
Then one day he'll run into one  
That's going to hurt him too  
Before he makes you over  
I'm going to take you over

[Chorus]  
All the dreams you shared with him  
You might as well forget  
Because I know a truer love  
and that's what you'll get  
And now that you don't need him  
Well he can have his freedom girl

[Chorus]
