

# Brian Wilson, Love Ya

Love ya, pretty baby I love ya  
I can't get enough of ya  
We're gonna fall in love  
Oh yeah

Love ya  
The way you shake your hair, love it  
The guys all stop and stare  
Oh you're the answer to my prayers

Love ya, pretty baby I love ya  
There's no one up above ya  
Why don't we fall in love

Come on and try your love with me  
Don't you see  
I'll, I'll turn you around  
Inside and out, upside and down  
Yeah, just give me a chance

Love ya, don't ya know I just love ya  
When you're in my arms know ya  
You'll fall in love with me  
Love ya, want to show you a fine time  
Come to see you some sweet time  
I wanna take you home

Come on and try your love with me  
Don't you see  
I'll, I'll turn you around  
Inside and out, upside and down  
Yeah, just give me a chance

Love ya, come on and live with me, will ya  
I'm down on my knees for ya  
Oh baby please please please

Love ya, doop bee dooby doo love ya  
Love ya, doop bee dooby doo love ya  
Oh baby please please please
