

# Brick & Lace ft. Thrilla Riddim, Done It To Me

[Verse 1:]

He's laying in my bed  
The second time this week  
I know I'm into trouble cause this man has got me weak  
I try to tell him no  
But all I say is yes  
And every time he comes around I find myself undressed  
Bwoy you know mi nah tell no lie you've got the best of me  
I've though it over a thousand times and you're no good for me  
But am I fooling myself to think that I could up and leave  
Cause Bwoy yu know mi can't fight it no  
Bwoy yu know mi can't let you go

[Chorus:]

OH you done it to me I can't get out and  
OH you put it on me, I can't say no and  
OH this was s'poused to be the last time that we  
OH you done it to me eh eh eh.

[Verse 2:]

He's standing at my door  
I've heard this all before  
The scene is so familiar I keep coming back for more  
Him say him want fi play  
Should I give in today  
Cause every time di bwoy come round I lose my sanity  
Bwoy you know mi nah tell no lie you've got the best of me  
I've though it over a thousand times and you're no good for me  
But am I fooling myself to think that I could up and leave  
Cause Bwoy yu know mi can't fight it no  
Bwoy yu know mi can't let you go

[Chorus:]

OH you done it to me, I can't get out and  
OH you put it on me, I can't say no and  
OH this was s'poused to be the last time that we  
OH you done it to me eh eh eh.

[Verse 3:]

I know he's bad for me  
But it feels so good to me  
I'm caught up in your web  
Why won't you set me free yeah  
Why can't I have the strength to leave baby  
You done it to me, you got to me, you holding me so baby let me be.
