

Brick & Lace, Repent

And so I repent
For the things that Ive done
And things I am thinking
Why does it feel wrong?
And so I repent
For the things that Ive done
So Father forgive me
Help me hold on
And so I repent
All mi
Haffi quick get it out put it ina dis song
Some ting wha me know feel right but so wrong
Come like me ah Shaggy, haffi go confession (How come)
Everybody whan turn ah judge
Am I a heathen cause I do what I love?
Sing and DJ and dem whan hold a grudge
but me response alone to the one up above
And so I repent
For the things that Ive done
And the things I am thinking
Why does it feel wrong?
And so I repent
For the things that Ive done
So Father forgive me
Help me hold on
And so I repent
See me, Im just a girl
Love to have fun
Tryna do my own thing
See Im, Only human
But you know lifes full of temptation (yes)
Like to look sexy sometime and yes

Body is weak but the mind is willin
Body is weak but the mind is willin
Steady my feet lest I be slippin
