

Bride, Nobodys Hero

One slot machine one stop light town
And if Jesus came back tonight
To every story there are two sides
If you walk with the devil he'll tell you a lie

Rolls Royce coming through the air (I'm Nobodies Hero)
I hope that I will see you there (I'm Nobodies Hero)
Hit the ground running on the streets of gold (I'm Nobodies Hero)
Gotta make time for the President's soul (I'm Nobodies Hero)
Never believed in the music
The way I believe in you

Never been a lover, always been a fighter (I'm Nobodies Hero)
Fought all my life trying to find love (I'm Nobodies Hero)
Love of Many Shall Wax Cold (I'm Nobodies Hero)
What I do I do alone (I'm Nobodies Hero)
Never believed in the music
the way I believe in you

Desires, Fears, My doubts, My tears
My Joys, My Loves, To him above
My anguish My lust The skeletons I dust

I've walked through the valley of dry bones (I'm Nobodies Hero)
I was brushed by the shadow of the holy ghost (I'm Nobodies Hero)
I've greased leprosy through my hair (I'm Nobodies Hero)
And felt a rushing mighty wind (I'm Nobodies Hero)
Never believed in the music The way I believe in you
