

# Bride, Spirit

I don't like what I hear  
That you're going to be leaving  
That you are going away  
Don't leave me comfortless

If you save your life  
You will lose it  
Lose your life  
And find it  
(NEVER BE ASHAMED)

Send back Your spirit  
To speak of You  
A new peace the world won't find  
A New Hope of love in time

Left us Your peace  
We will abide in You  
The world will hate us  
'Cause it hated You

What will we do?  
Once You have gone  
We will miss You  
Where will You go?

Gain the whole world  
And lose your soul  
Deny yourself  
And never be ashamed
