

# Bridget Metcalfe, On The Beach

Day by day, there wouldn't be any other day  
If you couldn't say you love me  
Trust in me, believe in all our dreams  
For we wouldn't love each other without that day

On the beach  
In the waves  
By the azure ocean  
Love's a gentle sultry potion  
On the beach  
By the sea  
In miles and miles of sand dunes  
I cannot be immune  
To your love boy  
(To your love boy  
On the beach)

Night or day, there couldn't be any other time

That you could say you love me  
Take my hand, let's walk along the sand  
For we wouldn't love each other without that day

On the beach  
In the waves  
By the azure ocean  
Love's a gentle sultry potion  
On the beach  
By the sea  
In miles and miles of sand dunes  
I cannot be immune  
To your love boy  
(To your love boy  
On the beach)
