

Bridget Metcalfe, The Best Time Of My Life

I never knew where I was going
Felt like my home was up for sale
But my thoughts and dreams were flowing
And I knew I wouldn't fail

This is the best time of my life
The days I've been waiting for
These are the best times, and I want more
The best time of my life

I never thought you'd feel my passion
I was just a funny girl with some crazy scheme
But in time I changed the fashion
'Cos I knew you'd see my dream

This is the best time of my life

The days I've been waiting for
These are the best times, and I want more
The best time of my life

And if my music is everything I own
Then from these simple seeds I've sown
The harvest's grown and grown

This is the best time of my life
The days I've been waiting for
These are the best times, and I want more
The best time of my life
