Brie Larson, Go Your Own Way

Walk away
'Cause it's time to be on your own
Without me
It's not the same
when I hear your voice
And what you say
is just noise
So maybe I should fill you in
Hey boy
Go your own way
I'm telling you it's really over
Got here a little too late
I'm steppin' out now
Hey boy
Go your own way
It's never gonna work 'cause we're stuck in reverse
and you don't have the nerve to change
Did you see
the daily news
In my dream
I'm over you
Can't you tell you and me are through
So hit the road
and get a clue
'Cause I'm not gonna stick around
Hey boy
Go your own way
I'm telling you it's really over
Got here a little too late
I'm steppin' out now
Hey boy
Go your own way
It's never gonna work 'cause we're stuck in reverse
and you don't have the nerve to change
'Cause you're not that strong
So walk away
Now what's done is done
I'm moving on
Hey boy
Go your own way
I'm telling you it's really over
Got here a little too late
I'm steppin' out now
Hey boy
Go your own way
It's never gonna work 'cause we're stuck in reverse
and you don't have the nerve to change
Hey boy (hey boy)
Go your own way (go your own way)
I'm telling you it's really over
Got here a little too late (got here, it's a little to late now)
I'm steppin' out now
Hey boy (hey boy)
Go your own way (just go away)
It's never gonna work 'cause we're stuck in reverse
and you don't have the nerve to change
