

# Bright Eyes, The Biggest Lie

[Originally by Elliott Smith]

I'm waiting for a train,  
Subway that only goes one way,  
Stupid thing that'll come pull us apart,  
Make everybody late.  
Well You spent,  
Everything you had,  
Wanted everything to stop,  
That bad.  
Now I'm a crushed credit card registered to Smith,  
Not the name that you call me with.  
You turned white like a saint,  
I'm tired of dancing on this pot of gold, flake paint,  
Oh we're so very precious,  
You and I.  
And everything that you do,  
Makes me wanna to die,  
Oh I just told the biggest lie,  
Oh I just told the biggest lie,  
The biggest lie...
