

Brighter Colours, Wedding Gown

She spent her life wearing a wedding gown
But she never heard the bells
When that day of her's had finally come
A crooked church, the air stood still

She waited around for so long (So long, So long)
But he never showed his face
She looked at the ground for so long (So long, So long, So long, So long)
An empty altar, a fall from grace

She's not going to wait
She's not going to wait for her wedding day
She's not going to take
She's not going to take

She found him lying on the bathroom floor
He'd been drinking & he was pissed
An empty bottle laying next to the door
And a pistol in his fist

She stared at his face for so long (So long, So long)
With a bullet in her hand
Trigger fingers can go off (Go off, Go off, Go off, Go off)
The perfect crime, the perfect plan

She's not going to wait
Not going to wait for her wedding day
She's not going to take
She's not going to take

She's not going to wait
Not going to wait for her wedding day
She's not going to take
She's not going to take
