

Brighton Rock, Rock N' Roll Kid

He's on the move, lookin' for passion
No street is safe tonight
A restless mind, that thirsts for action
He's got prey in sight

He's out on the loose
City streets becoming a zoo
Straight on you
Easy living when you make all the rules

Line of fire, for your affection
Surpass the danger line
Can only live with one suggestion
`Cause rock and roll is his life

Taking command
Lights flicker at the wave of a hand
Turning into gold
He's leaving them begging for more

(We want) The rock `n` roll kid
(We love) The rock `n` roll kid
(He's the one) The rock `n` roll kid
(We want) The rock `n` roll kid

Born to rock, always in fashion
The ladies like his style
He's on a drive in one direction
Shooting stars fly high

He's out on the loose
City streets becoming a zoo
Straight on you
Easy living when you make all the rules

(We want) The rock `n` roll kid
(We love) The rock `n` roll kid
(He's the one) The rock `n` roll kid
(We want) The rock `n` roll kid

(Solo)

We want the - rock `n` roll kid
We want the - rock `n` roll kid, kid, kid, kid

(We want) The rock `n` roll kid
(We love) The rock `n` roll kid
(He's the one) The rock `n` roll kid
(We want) The rock `n` roll kid
