

Brighton Rock, Young, Wild And Free

Oh, yeah

Take all the things you want in life
'Cause you get nothin' for free
Turn out the lights
Let's party down
Time to show you're
Young, wild and free

Raise the roof, come on now
All hell breaks loose
The kids are on the loose
You got nothin to lose
Now when the boys start rockin'
Unleash the town
Come on and take a stand

(We rock, young, wild and free)
Young, wild and free
(We rock, young, wild and free)
Oh, young, wild and free

Yeah, they'll try to put you down
You won't dance to that beat
Now we're here to rock your town
Kickin' out, young, wild and free

Raise the roof, come on now
All hell breaks loose
The kids are on the loose
You got nothin' to lose
Now when the boys start rockin'
Unleash the town,
Young, wild and free

(We rock, young, wild and free)
Young, wild and free
(We rock, young, wild and free)
Oh, yeah, young wild and free

(Solo)

I'm wild and free

Watch out, the boys are rockin'
Unleash the town

(We rock, young, wild and free)
Come on and take a stand
(We rock, young, wild and free)
We rock
(We rock, young wild and free)
We rock
(We rock, young, wild and free)

I'm free
Oh, yeah
Let it ride
