

Bring Me The Horizon, in the dark

i've done it again
dug a little deep and it's all caved in
now I free fall n a black hole
I know I am getting warm cos I feel so cold
but I am looking om the bright side now
trying to figure out somehow
non of this is real but
it's looking like a write of fnow
ti think we need to talk like now

so don't swear to god he never asked you
it's not his jhheart you drove a knofe through
not his world you tinned inside out
not his tears still rolling down
jesus christs you're so damn cld
don't you know you've lost control
forget about the things you think I know
no secrets , you can't keep me in the dark

deathblow, look at you go
brought a t-62 to a rodeo
so tall it broke the fourth wall
guess my fairy-tele has a few plot holes
well I'm looking on the bright side now
trying to figure out somehow
you can give the act up now
go ahead and take a bow

I am not looking for salvation
just a little faith in anyone or anything
cos it's all come caving in
and it's time I knew you so
