

# Briskeby, Propaganda

jesus christ, what have I done  
I find it hard to justify  
each time I try to solve just one  
problems seem to multiply  
now its just to late to wrap a smile around my face  
(2x)

this is propaganda  
you know, you know  
I tried to make it go away  
and I have tried the best I can  
its been around for nights and days  
they say its only in my head  
now its just to late to wrap a smile around my face  
(2x)

this is propaganda  
you know, you know  
now its just to late to wrap a smile around my face  
(7x)

this is propaganda  
you know, you know  
this is propaganda
